Through Principal

Dear Parents/Guardians,

### **OLD CLOTHES COLLECTION DRIVE**

Promoting environmental awareness to the pupils has always been a part of Clementi Primary School's way of life. Pupils are made aware of the importance of environmental conservation through various green projects carried out in the school.

This year, the school will continue with our yearly old clothes donation drive to reinforce the message of recycling as a part of the pupils' daily lives. Through the old clothes donation drive, we hope to encourage our pupils to help the less fortunate by donating their old clothes which are in good condition to the National Youth Council and ETCH Empathy for their expedition to Laos to help the less privileged children.

This annual school event will be held from 3 Apr 2017, Monday to 4 May 2017, Thursday.

Pupils may place their old clothes at the collection point which is located near the drop-off point at the school porch or at the school lift lobby. Our school attendants will help us to collect them.

We look forward to your continued support.

Yours sincerely,  
Mr Tan Lin How  
Teacher-In-Charge
