

Dear P1 Parents / Guardians,

## Student Learning Space (SLS) and Student iCON Accounts

Clementi Primary School embraces Information, Communication and Technology (ICT) in teaching and learning in the classrooms to nurture our Clementians to be self-directed, responsible and future-ready digital learners. The main online learning platforms used are Student Learning Space (SLS) and Google Classroom (GC).

2. SLS is a platform developed by Ministry of Education (MOE) for all students. It has a range of curriculum-aligned resources curated by MOE to allow students to take greater ownership of their learning outside school hours. Teachers will also use SLS to complement classroom teaching and learning.

3. MOE has implemented Student iCON in 2021 for schools. It is a suite of Google apps that helps to support and facilitate collaborative learning among students. It provides teachers with greater autonomy to use the G Suite of applications such as Google Slides, Sheets and Docs, in addition to allowing learning to be integrated seamlessly with third-party applications such as Nearpod, Padlet and Quizizz.

4. The school will provide every Primary One Clementian an account to access SLS and Student iCON<sup>1</sup>. These accounts will stay with the student until they go to junior colleges / Millennia Institute. Details are as follows:

8. Besides SLS and Student iCON, Clementians could be using other online platforms for subject-specific learning needs. This is to ensure that the school can cater to the diverse learning needs of our Clementians. It is important to provide opportunities for our Clementians to discern their own level of exposure in the digital world and be a responsible digital learner.

We look forward to your support and partnership in your child's learning beyond the classroom.

Yours sincerely,

Mr Vimalenthiran Vijayasingam  
Principal
